Junior Interclub season 2026-27

Junior Interclub meets provide a great opportunity for children aged 7 to 15 to experience and enjoy athletics events including shot put, discus, long jump, high jump, track races from 60m up to 1500m distances, race walking, hurdles, steeplechase and relays. In previous years, these meets have proven popular and over 400 children have taken part in one or more Interclub meets during the season.

The aim is for children to experience and enjoy athletics and gain confidence in learning new skills and extending themselves. The events are held in accordance with standards for children's athletics, and results are recorded and published.

Children remain with their age-grade groups during the meet and move between events in rounds. The events offered for each age-grade are adjusted to suit the age of athletes, and not all events are offered at each meet. We will publish a programme of events for each Interclub meet at least a few days ahead of each meet, so that parents and children can see the options on offer.

There are six meets in the Junior Interclub season, held on Sundays, from 10:00am. If your athlete wants to take part this season, you must purchase a season entry ticket. Once you have a ticket, your athlete can enter any and all of the events for their age-grade at any of the six meets. Get your season ticket here: Junior Interclub season ticket 2026-27

The junior athletics season programme is shown below, including additional events hosted by Lower Hutt Athletics and Paraparaumu Track & Field. There is a day-entry charge for each of these two club-hosted events. Our Junior Championships are held in March, with a separate entry system where athletes register in advance for individual events.
